The following is an examiner's statement of reasons for allowance:

Claim 1 and the claims which depend thereon are allowed since claim 1 recites a computer, connected to a yarn clearer, configured to execute the step of, starting from a clearing limit, retrieving and displaying prestored displays of defects in an end product that make an effect of the defects in the end product visible.

Claim 4 and the claims which depend thereon are allowed since claim 4 recites a method of adjusting clearing limits including the steps of displaying, from a database of yarn defect images, at least one image of a first yarn defect associated with a clearing limit, wherein the at least one image of the first yarn defect includes yarn defects that are not eliminated by the clearing limit, and modifying the clearing limit based upon an appraisal of the displayed at least one image of the first yarn defect.

Claim 21 and the claims which depend thereon are allowed since claim 21 recites a memory that stores the steps of a computer program to select a clearing limit for eliminating at least one defect in a yarn, display at least one image of a first yarn defect associated with the clearing limit, wherein the at least one image of the first yarn defect includes yarn defects that are not eliminated by the clearing limit, and modify the clearing limit based upon an appraisal of the displayed at least one image of the first yarn defect.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on
